Summary

Frontend Developer with strong hands-on experience building production-ready web applications using React.js, Next.js (App Router), TypeScript, and Tailwind CSS. Specialized in responsive UI development, internationalization (i18n), accessibility (ARIA), and performance optimization (Core Web Vitals). Delivered real-world projects including e-commerce platforms, multilingual websites, and client-facing MVPs. Motivated to grow in a professional frontend team within the EU market.
