## Work Experience

Depity – Personal MVP

2022 – 2023

### Frontend Intern

- Developed and deployed a complete HR MVP with onboarding flows, role-based access control (RBAC), and comprehensive internal documentation.
- Created reusable, responsive UI components using Next.js (App Router) and Tailwind CSS.
- Implemented internationalization (next-intl), ARIA-compliant accessibility standards, and dark/light themes.
- Optimized performance through lazy loading, code splitting, and image optimization.
- Applied agile practices: daily standups, sprints, retrospectives, and code reviews.
- Deployed scalable, production-ready UX on Vercel.

Freelancer & Indie Developer

2022 – present

### Web Developer

- Built and deployed full-stack web applications using React, Next.js, Tailwind CSS, Zustand, and Vercel.
- Focused on high-performance, responsive, and accessible frontends with scalable architecture.

### Selected Projects:

- **Pappert Bakery Website:** Multilingual, ARIA-compliant website with role-based navigation, Core Web Vitals optimization (TTI, CLS), and animated category sliders (Framer Motion).
- **Sneaker Store:** E-commerce platform with filtering, shopping cart functionality, CMS (Strapi), and Stripe payments.
- **Depity Platform:** Task and role management with Zustand and Tailwind CSS.
- **Banking App (in development):** SaaS solution with real-time data, analytics, and transactions.
